Site Updates

We now have over 30 sites across Australia. **ACT** – Prof Walter Abhayaratna (Canberra Hospital & P). **NSW** – A/Prof David Sullivan (Royal Prince Alfred Hospital), A/Prof Leon Simons (P), Dr Shubha Srinivasan (The Children's Hospital at Westmead), Prof Leonard Kritharides (Concord Hospital & P). **QLD** – Prof David Colquhoun (P), A/Prof Karam Kostner (Mater Hospital). **SA** – Prof Peter Clifton (Royal Adelaide Hospital & Flinders Medical Centre), Dr Michael Metz (The Women's and Children's Hospital), Dr Justin Ardill (P), Dr Shahid Hafeez (P). **TAS** – Dr Warrick Bishop (Calvary Health). **VIC** – Prof Paul Nestel (The Alfred Hospital), Prof David Hare (P), Prof Edward Janus (Western Health & P), Dr Christopher Neil (P), A/Prof Richard O'Brien (Austin Health & P), Dr Sam Mirzaee (Monash Health), A/Prof Andrew Wilson (St Vincent's Hospital), Dr Ghassan Alhami (P). **WA** – Prof Gerald Watts (Royal Perth Hospital & Fiona Stanley Hospital), Clin/A/Prof Timothy Bates (St John of God Hospital Midland), Dr Edmund Brice (P), Mrs Jacqueline Ryan (P).
P - private rooms

We welcome Dr Elif Ekinci (VIC) on board! Additionally, two sites in QLD, The Prince Charles Hospital & Holy Spirit Northside Hospital will soon be joining the Registry, led by Dr Christian Hamilton-Craig.

Data entry has commenced at 20 sites, with 1,200 participants registered. The next big challenge is the auditing process to ensure high quality data collection at all sites.

Platform Updates

A new security feature, two factor authentication, will soon be released. If enabled, in addition to your password, you will be required to provide a verification code in order to log in. CCG will email all users with instructions in the next week or so.

ICD-10 Code

The ICD-10-AM has the same structure as ICD-10 and FH is now an indexed concept classifiable to E78.0 under **Pure hypercholesterolaemia**. We are now working with the Department of Health in WA to further understand how we can help enable the ICD code's capture and use, as well as the primary care codes (ICPC-2 Plus and SNOMED CT-AU). **A teleconference to further discussion around this topic will be organised shortly.**

User Tips

Please refer to the [FH Registry Manual](#) for guidance in using the online Registry; please contact the national coordinator if there are any issues with the online Registry platform.
