

How to make the measuring tape

What you need:

- a printer
- scissors
- sticky tape

How to assemble the measuring tape:

1. Print the measuring tape*
2. Cut along the lines as indicated
3. Use the sticky tape to attach the pieces in order
4. Use a ruler or bank note** to check the accuracy of the tape
- it's now ready for use.

*IMPORTANT:

How to print it in REAL SIZE

Make sure all the check boxes like 'Fit' or 'Shrink oversized pages' are NOT checked in the Print dialog box.

Make sure 'Actual size' IS checked.

** An Australian \$5 note measures 6.5cm x 13.0cm

A New Zealand \$5 note measures 6.6cm x 13.5cm
